Tareq Amin - Group EVP and CTO - Rakuten

Specialties: LTE, Telecommunications, Wireless, Industry Knowledge for UMTS, CDMA, IP, Network Design, Wireless Networking, RF, 3G, Integration, Optimization, Mobile Devices, Strategy, Vendor Management, System Development, Project Planning, 4G, WCDMA, Cellular Communications, VoIP, SIP, Planning, Optimizations, Mobile Communications, Competitive Analysis, WiFi, Mobile Technology, Managed Services, Transmission, Computer Network Operations, Broadband, Ethernet, Service Delivery, Fiber Optics, VAS

NMG Speaker & Participant: NMG Speaker and Participant: LA, 2019

Adam Guy - EVP Monetization and Client Delivery - NTENT

Specialties: Strategic Partnerships, Consumer Behaviour, Business Development, Industry Knowledge for Telecommunications, Wireless, Strategy, Analytics, Market Research, Competitive Intelligence, Competitive Analysis, Product Management, Segmentation, Customer Insight, Marketing Strategy, Digital Marketing, Web Analytics, Digital Strategy, Wireless Technologies, Statistics, Business Strategy, Strategic Planning, Mobile Devices, Start-ups, Customer Relationship Management, Mobile Marketing, Consulting Services, Sales Management

NMG Speaker & Participant: NMG, 2020 Speaker

Adan K Pope - CTO - InnerWorkings

Specialties: Product Management, Strategy, Telecommunications, Industry Knowledge for Wireless, Program Management, Start-ups, Product Development, Mobile Devices, Software Development, Integration, Solution Architecture, Solution Selling, Pre-sales, Cloud Computing, Go-to-market Strategy, Vendor Management, Entrepreneurship, IP, Operations Management, Strategic Planning, Managed Services, Project Planning, Professional Services, Product Marketing, Business Strategy, Solution Design, Mobile Technology, Outsourcing, Entrepreneur, VoIP, Mergers & Acquisitions, VAS, Ethernet, Mobile Communications, MPLS, SIP, Broadband

NMG Speaker & Participant: NMG, 2020 Speaker

Akshay Sharma - Technical Advisory Board Member - Kovair Software

Specialties: Product Management, Telecommunications, Cloud Computing, Industry Knowledge for Mobile Devices, Strategy, Start-ups, Business Development, Go-to-market Strategy, Professional Services, Integration, Product Marketing, VoIP, Vendor Management, Software Development, Competitive Analysis, Voice over IP (VoIP), Product Development

NMG Speaker & Participant: [Network Security in an IoT World - Allot, Sprint, Cisco](#)

Alan Clark - CTO Office - SUSE

Specialties: Cloud Computing, Open Source, Linux, Industry Knowledge for Virtualization, Software Engineering, Software Development, Security, Product Management, Strategy, TCP/IP, Agile Methodologies, Software Project Management, Project Management, Distributed Systems, Intellectual Property, Internet Protocol Suite (TCP/IP), Business Strategy

NMG Speaker & Participant: [Open Source Evolution: Thomas Di Giacomo and Alan Clark, SUS](#)

Amit Tiwari - Vice President Strategic Alliances & Systems Engineering - Affirmed Networks

Specialties: Product Management, IP, Telecommunications, Industry Knowledge for Wireless, Go-to-market Strategy, Network Architecture, VoIP, Cloud Computing, MPLS, Ethernet

NMG Speaker & Participant: [Turbocharging the Network Will Pay Dividends for 5G](#)

Amol Phadke - Global Lead - Accenture Network Services

Specialties: Telecommunications, IP, MPLS VPN, Industry Knowledge for Ethernet, Network Design, Broadband, QoS, Routing, MPLS, VPN, VoIP, Network Architecture, SDH, BGP, EPC, DWDM, Telecommunications Engineering, P&L Management, Strategy, Integration, Business Strategy, Business Transformation, Internet Protocol (IP)

NMG Speaker & Participant: [DC Solutions for Edge Computing](#)

Animesh Singh - STSM and Program Director - Artificial Intelligence and Machine Learning Platform - IBM

Specialties: Cloud Computing, Enterprise Software, Virtualization, Industry Knowledge for Integration, Enterprise Architecture, Pre-sales, Agile Methodologies, System Architecture, Solution Architecture, Software Engineering, SOA, Distributed Systems, Software Development, Requirement Analysis, Architecture, High Availability, Architectures, Service-Oriented Architecture (SOA), Program Management, Competitive Analysis, Market Research, Product Development, Product Management, Business Strategy, Business Development, Strategy

NMG Speaker & Participant: ["AI Revolution to Evolution" Animesh Singh, IBM](#)

Anjali Arora - SVP R&D and Chief Product Officer - Rocket Software

Specialties: Software Development, Enterprise Software, Agile Methodologies, Industry Knowledge for Software Project Management, Software Engineering, Enterprise Architecture, SDLC, Program Management, Product Management, Requirement Analysis, Scrum, Integration, Solution Architecture, Business Intelligence, SOA, Agile Project Management, Mobile Devices, Project Portfolio Management, Web Services, Project Planning, Software Development Life Cycle (SDLC), Software Design, Service Oriented Architecture (SOA), Architectures, Operations Management

NMG Speaker & Participant: [The Modern Mainframe: "Consuming it Like the Cloud" Anjali Arora, Rocket Software and Jean-Louis Vignau, CA Technologies](#)

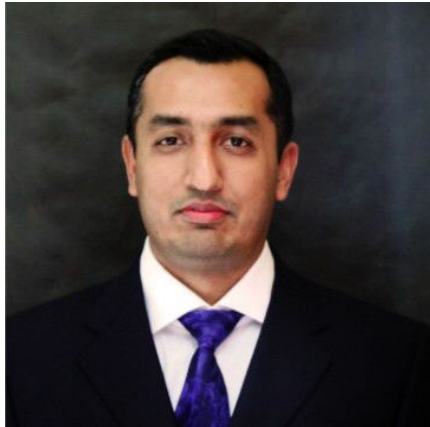

Antonio Jose Elizondo - Senior Technology Expert - Telefónica I+D

Specialties: Telecommunications, IP, Mobile Communications, Industry Knowledge for Network Architecture, VoIP, Mobile Devices, UMTS, Wireless, QoS, Network Engineering, TCP/IP, Software Engineering, MPLS, Internet Protocol (IP), Cellular Communications, GPRS, Wireless Technologies, Voice over IP (VoIP)

NMG Speaker & Participant: [DC Solutions for Edge Computing](#)

Ashish Singh - Head Of IOT and Director ML/DL Product Management - Teradata

Specialties: AI, IOT, Product Management, Industry Knowledge for Go-to-market Strategy, Product Marketing, SOA, Telecommunications, Start-ups, Pricing Strategy, Business Development, Wireless Networking, Smart Grid, Big Data, PMP, Requirements Analysis, Requirements Gathering, Program Management, Agile Project Management, Competitive Analysis, Business Strategy, Product Development, Computer Vision, Marketing Strategy

Berge Ayvazian - Senior Analyst and Consultant - Wireless 20/20

Specialties: Telecommunications, Strategy, Strategic Partnerships, Industrial Knowledge for Wireless, Mobile Devices, Product Management, Start-ups, Consulting, Business Development, Broadband, Marketing Strategy, Market Analysis, Business Strategy, Competitive Analysis, Go-to-market Strategy, Market Research, Mobile Communications, Program Management, Product Marketing, Professional Services, Management Consulting, Cloud Computing, VoIP, Mobile Technology, Strategic Planning, Marketing, IP, Competitive Intelligence, 4G, Mergers & Acquisitions, WiFi, Segmentation, Technical Writing, Cellular Communications, Analytics, CRM, Analysis, Mobile Applications, Tools and Technologies for LTE, SaaS, WiMax, Enterprise Software, Interpersonal Skills for Thought Leadership, Executive Management, Lead Generation, Cross-Functional Team Leader, Mobile Internet, Solutions Marketing, Networking, New Business Development.

NMG Speaker & Participant: NMG, 2020 Speaker

Bill Schrier - Senior Advisor - First Responder Network Authority (FirstNet)

Specialties: Program Management, Government, Leadership, Industry Knowledge for Strategic Planning, Cloud Computing, Project Management, Social Media, Local Government, IT Strategy, Emergency Management, Public Sector, Analytics

NMG Speaker & Participant: NMG, 2020 Speaker

Bita Milanian - SVP, Global Marketing - Ribbon

Specialties: Strategy, Strategic Partnerships, Marketing, Industry Knowledge for Start-ups, Marketing Strategy, CRM, Entrepreneurship, Telecommunications, Strategic Planning, Sales, E-commerce, Public Relations, Product Management, Business Development, Advertising, Sales Management, Mobile Devices, Sales Operations, Direct Marketing, Product Marketing, Integrated Marketing, Trade Shows, Account Management, Program Management, Managed Services, Performing Arts, Solution Selling, B2B, Strategic Communications, Corporate Events, Project Planning, Sales Process, Direct Sales, Unified Communications, Recruiting

NMG Speaker & Participant: [Welcome to the P19 Solutions Showcase](#)

Caroline Chan VP and GM, 5G Infrastructure Division, Network Platform Group - Intel

Specialties: Wireless, Telecommunications, LTE, Industry Knowledge for Product Management, Product Lifecycle Management, Mobile Devices, WiFi, 3G, VoIP, Wireless Technologies, CDMA, SIP, IP, Business Development, Product Marketing, 4G, Code Division Multiple Access Method, Strategy, Go-to-market Strategy, Integration, Voice over IP (VoIP), Network Design, Security, Internet Protocol (IP), Program Management, Software Development, Cellular Communications, Session Initiation Protocol (SIP), QoS, Network Architecture, Product Development, Solution Selling, Managed Services, Software Engineering, Vendor Management, Product Launch, Systems Engineering, Quality of Service (QoS)

NMG Speaker & Participant: [Turbocharging the Network Will Pay Dividends for 5G](#)

Chandrodaya Prasad - Senior Director Product Management | Security Business Group - Cisco

Specialties: Cloud Computing, Product Management, Go-to-market Strategy, Industry Knowledge for Wireless, Routing, Managed Services, Wireless Technologies, Pre-sales, Voice over IP (VoIP)

NMG Speaker & Participant: NMG, 2020 Speaker

Chris DePuy - Technology Analyst - 650 Group

Specialties: Venture Capital, Financial Modeling, Equity Research, Industry Knowledge for Valuation, Start-ups, Private Equity, Hedge Funds, Mergers & Acquisitions, Equities, Investments, Corporate Development, Financial Analysis, Business Development, Market Research, Due Diligence, Competitive Analysis, Emerging Markets, Fixed Income, Investment Banking, Investment Management, Securities, Competitive Intelligence, Alternative Investments, Mergers

NMG Speaker & Participant: [Network Migration: It's more than Just IP – Elevating the Customer Experience](#)

Chris Wright - Senior Vice President and Chief Technology Officer - Red Hat

Specialties: Linux, Linux Kernel, Cloud Computing, Industry Knowledge for Virtualization, Software Development, Data Center, Distributed Systems, Shell Scripting, Software Engineering, Product Management, Integration, TCP/IP, Scalability, System Architecture, Enterprise Architecture, Storage, Agile Methodologies, Internet Protocol Suite (TCP/IP), Business Travel, Software Project Management, Hair Care

**NMG Speaker & Participant: NMG, 2020 Speaker**

Christian Gacon - VP, Wireline Networks and Infrastructures - Orange

Specialties: Telecommunications, Strategy, VoIP, Industry Knowledge for IP, Wireless, Mobile Devices, Marketing Strategy, Product Development, Mobile Communications, Cloud Computing, Internet Protocol (IP), Project Management, Wireless Technologies, Voice over IP (VoIP)

NMG Speaker & Participant: [Industry Collaboration Leads to Telco Virtualization](#)

Courtney Munroe - Group Vice President, Worldwide Telecommunications - IDC

Specialties: Telecommunications, Market Research, Competitive Analysis, Industry Knowledge for Go-to-market Strategy, Strategy, Market Analysis, Segmentation, Competitive Intelligence, Product Management, Analysis, Forecasting, Program Management, Analytics, Business Strategy

NMG Speaker & Participant: [CPaaS going Mainstream: Tier-1 Service Providers Jumping in with Both Feet](#)

Dan Warren - Head of 5G Research - Samsung R&D Institute

Specialties: LTE, 3GPP, UMTS, Industry Knowledge for VoIP, Telecommunications, Mobile Communications, Mobile Devices, WCDMA, 4G, Ethernet, SIP, IP, WiFi, Network Architecture, GPRS, SS7, Network Design, Voice over IP (VoIP)

NMG Speaker & Participant: [5G Architectures: An End to End Look](#)

Darrell Jordan-Smith - Worldwide VP of the Communications Service Providers Sales organization - Red Hat

Specialties: Enterprise Software, Strategy, Cloud Computing, Go-to-market Strategy, CRM, Business Development, Product Management, Start-ups, Telecommunications, Solution Selling, Professional Services, Managed Services, Competitive Analysis, Program Management, Direct Sales, Storage, Pre-sales, Business Strategy, Infrastructure, Sales Operations, Sales Enablement, Outsourcing, Channel Partners, P&L Responsibility, Sales Management, Sales, Integration, P&L Management, Mobile Devices, ITIL, Virtualization, Demand Generation, Product Development, Mergers & Acquisitions, Business Intelligence, Scalability, Product Marketing

NMG Speaker & Participant: NMG, 2020 Speaker

Dave Neary - Community Architect - Red Hat

Specialties: Open Source, Open Source Software, Linux, Industry Knowledge for Software Development, Software Engineering, Mobile Devices, Shell Scripting, Distributed Systems, Product Management, Software Design, Event Planning, Strategic Planning, Web Applications, Computer Science, Release Management, Strategy

NMG Speaker & Participant: NMG, 2020 Speaker

David Nathan - VP Radio Engineering Solutions - Infovista

Specialties: LTE, Wireless, Business Development, Industry Knowledge for Mobile Devices, Telecommunications, UMTS, Product Management, Pre-sales, Mobile Communications, 3G, Mobile Technology, International Sales, Product Marketing, WCDMA, Wireless Networking, RF, WiFi, Marketing Strategy, IP, Wireless Technologies, Optimization, 2G, Transmission, 4G

NMG Speaker & Participant: [5G Architectures: An End to End Look](#)

Erez Antebi - CEO - Allot Communications

Specialties: Satellite Communications, Start-ups, Telecommunications, Industry Knowledge for Product Management, Cellular Communications, Wireless, R&D, Business Strategy, Sales, Marketing, Mobile Devices, Product Marketing, Strategy, IP, Mergers & Acquisitions, Venture Capital, VoIP, Manufacturing

NMG Speaker & Participant: [Network Security in an IoT World - Allot, Sprint, Cisco](#)

Flavio Gomes - Founder, Executive Chairman at LogiSense Corporation. Monetize Anything, Personalize Everything! - LogiSense Corporation

Specialties: Telecommunications, SaaS, Wireless, Industry Knowledge for Cloud Computing, IP, VoIP, Business Development, Product Management, Solution Selling, Software Development, Competitive Analysis, Integration, SIP, Strategy, CRM, Unified Communications, Managed Services, Start-ups, Vendor Management, Entrepreneurship, Go-to-market Strategy, Web Applications, Telephony, Network Architecture, Sales Process, Professional Services, Data Center, Software Project Management, IT Strategy, Mobile Applications, Mobile Technology, IT Management, Pre-sales, Channel Partners, Business Intelligence, Ethernet, Network Design, Broadband, Software Design, MPLS

NMG Speaker & Participant: [When 1+1=3: Exploring the Kandy Ecosystem](#)

Francisco Javier Ramón Salguero - Head of Network Virtualisation - Telefonica

Specialties: Telecommunications, IP, Mobile Devices, Industry Knowledge for Mobile Communications, UMTS, VoIP, Project Management, GPRS, MPLS, Wireless, 3G, Mobile Technology, Product Management, Performance Testing, QoS

NMG Speaker & Participant: NMG, 2020 Speaker

**Gary Forrest - Owner,Chief Executive - Pure IP**

Specialties: Telecommunications, Corporate Finance, VoIP, Industry Knowledge for IP, Strategy, Unified Communications, Business Strategy, Strategic Planning, Cloud Computing, Solution Selling

NMG Speaker & Participant: [Microsoft Teams: Keys to Success for one of the Hottest Collaboration Tools on the Market](#)
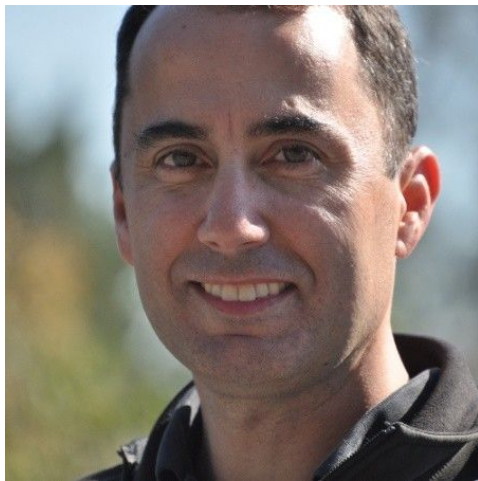

Gee Rittenhouse - Senior Vice President/GM - Cisco

Specialties: Telecommunications, Wireless, Business Strategy, Industry Knowledge for Cloud Computing, Integration, Mobile Communications, Wireless Networking, UMTS, Business Transformation, Software

NMG Speaker & Participant: NMG, 2020 Speaker

Greg Collins - Founder & Principal Analyst - Exact Ventures

Specialties: Competitive Analysis, Market Research, Strategy, Industry Knowledge for Telecommunications, Segmentation, Go-to-market Strategy, Competitive Intelligence, Wireless, Market Analysis, Product Management, Product Marketing, Strategic Consulting, CRM, Program Management, Analysis, Marketing, Start-ups, Mergers & Acquisitions, Mobile Devices, Analytics, Pricing, Customer Insight, Wireless Technologies, Strategic Planning, VoIP, IP, Forecasting, Business Strategy

NMG Speaker & Participant: [Network Migration: It's more than Just IP – Elevating the Customer Experience](#)

Greg Flick - Sr. Strategic Account Director - Service Provider - Yealink Network Technology Co.

Specialties: Unified Communications, Managed Services, VoIP, Industry Knowledge for SIP, IP, Telecommunications, Wireless, Channel Partners, Solution Selling, Sales Operations, Direct Sales, Account Management, Telephony, Go-to-market Strategy, MPLS

NMG Speaker & Participant: Welcome to the P19 Solutions Showcase

Greg Zweig - Director of Solutions Marketing - Ribbon Communications

Specialties: Product Management, VoIP, Product Marketing, Industry Knowledge for Strategy, Telecommunications, Unified Communications, Start-ups, Go-to-market Strategy, Wireless, IP, Cloud Computing, Solution Selling, SIP, Product Development, Telephony, Marketing, Managed Services, Ethernet, Multi-channel Marketing, Pre-sales, Sales Enablement, Integration, Business Intelligence, Project Management, MPLS, Security, Mobile Devices, Direct Sales, Product Lifecycle Management, Professional Services, Demand Generation

NMG Speaker & Participant: Into the Cloud: Trends shaping the Contact Center Market – From UCaas to AI and More

Harkirit Singh - Building Super Information Gateway |Single Digital Market| Borderless Growth - Tata Communications Transformation Services

Specialties: Product Management, Telecommunications, Mobile Devices, Industry Knowledge for Wireless, Integration, Mobile Communications, Pre-sales, Managed Services, Program Management, 3G, Wireless Technologies, Network Design, Business Development, Start-ups, VAS, UMTS, Project Management, Security, Go-to-market Strategy, Strategy, Mobile Technology, Testing, Unified Communications, Transmission, Professional Services, IP, VoIP, Product Development, Vendor Management, 4G, GPRS, CDMA, Value-Added Services (VAS), Service Delivery, Product Marketing, RF, Microwave, MPLS, Outsourcing, Solution Architecture

NMG Speaker & Participant: [5G Architectures: An End to End Look](#)

Iain Scholnick - CEO - Founder - Braidio

Specialties: Start-ups, Strategic Partnerships, Digital Media, Industry Knowledge for Product Management, E-commerce, Entrepreneurship, Security, Strategy, Business Intelligence, Business Strategy, Online Advertising, Digital Strategy, Product Marketing, Mobile Marketing, Mobile Applications, Wireless, Mobile Devices, Analytics, Digital Marketing, Corporate Development

NMG Speaker & Participant: [When 1+1=3: Exploring the Kandy Ecosystem](#)

Ian A. Hood, P. Eng. - Chief Technologist - Global Service Provider - Red Hat, Chief Translator and Catalyst For Business Transformation

Specialties: SDN, NFV, Cloud Computing, Industry Knowledge for Virtualization, Business Analysis, Business Strategy, Broadband, Go-to-market Strategy, Product Management, Data Center, Managed Services, Product Marketing, Telecommunications, Ethernet, Mobile Devices, Strategy, Internet Protocol (IP), Wireless Technologies, IP, Wireless

NMG Speaker & Participant: [New Solutions for a New Paradigm of Edge Services](#)

Ivo Rook - Senior Vice President Internet of Things - Sprint

Specialties: Strategy, Telecommunications, Outsourcing, Industry Knowledge for Managed Services, International Sales, Mobile Devices, Business Development, Business Strategy, Product Management, Call Centers, Pre-sales, Solution Selling, VoIP, Change Management, Corporate Finance, Unified Communications, Business Transformation, Customer Experience, Sales Management, Business Process Improvement, Program Management, Project Management, Contact Centers

NMG Speaker & Participant: [Network Security in an IoT World - Allot, Sprint, Cisco](#)

James Carrigan Jr. - Cyber Security Vice President & Global Managing Director - Verizon Enterprise Solutions

Specialties: Leadership, Solution Selling, Cloud Computing, Business Development

NMG Speaker & Participant: [Blockchain for Enterprises](#)

James Feger - General Manager - Service Providers - F5 Networks

Specialties: IP, Ethernet, MPLS, Industry Knowledge for Network Design, VoIP, Telecommunications, Wireless, Network Architecture, Cloud Computing, Broadband, Internet Protocol, Multiprotocol Label Switching (MPLS), Network Engineering, WAN, LAN-WAN, Voice over IP (VoIP), DWDM, BGP, Troubleshooting, Wireless Technology, Wide Area Network (WAN), Product Management, Integration, Managed Services, Data Center, Vendor Management, Routing, Internet Protocol Suite (TCP/IP), Unified Communications, Solution Selling, Network Security, Strategy, Program Management

NMG Speaker & Participant: [Carrier NFV: Is Service Assurance Getting Enough Attention](#)

Jamie Gibson - Vice President Technology and Sales Engineering - Ribbon Communications

Specialties: Telecommunications, Unified Communications, VoIP, Industry Knowledge for IP, Solution Selling, Cloud Computing, SIP, Business Development, Telephony, Integration, Pre-sales, CRM, Network Design, Network Architecture

NMG Speaker & Participant: [Taking the Temperature of the Regulatory Landscape](#)

Jarrett Wendt - Executive Vice President of Panasonic Corporation North America - Panasonic

Specialties: Product Development, Manufacturing, Laboratory, Industry Knowledge for Product Management, Marketing Strategy, Strategic Planning, Sales Management, Business Development, Sales, Business Strategy, Lifesciences, Continuous Improvement, Product Marketing, Strategy, Start-ups, Business Planning, Analytical Chemistry, Competitive Analysis, Sales Process, Life Sciences, Environmental Awareness, Project Management, Forecasting

NMG Speaker & Participant: [The Smart, Sustainable Middleprise](#)

Jason Hunt - Distinguished Engineer - IBM

Specialties: Cloud Computing, SOA, Enterprise Architecture, Industry Knowledge for Solution Architecture, Software Development, Integration, Telecommunications, Agile Methodologies, Pre-sales, IT Strategy, Architecture, Web Services, Architectures, Virtualization

NMG Speaker & Participant: [IBM on NFV: Jason Hunt](#)

Jean-Louis Vignaud - Director of Product Management - Broadcom Inc.

Specialties: Configuration Management, Product Management, Application Lifecycle Management, Industry Knowledge for Software Development, Cloud Computing, Software Project Management, Pre-sales, Go-to-market Strategy, Requirements Management, Software Design, Agile Project Management, Requirements Analysis, Agile Methodologies, Software Engineering, Solution Architecture, Enterprise Architecture, SDLC, Sales Enablement, Scrum, Product Marketing, Product Lifecycle Management, Change Control, Product Launch, Presales, Business Management, Software Development Life Cycle (SDLC)

NMG Speaker & Participant: [The Modern Mainframe: "Consuming it Like the Cloud" Anjali Arora, Rocket Software and Jean-Louis Vignau, CA Technologies](#)

Jeffrey Borek - WW Program Director, Open Technology & Developer Advocacy, Digital Business Group - IBM

Specialties: Cloud Computing, Strategy, Product Management, Industry Knowledge for Virtualization, Business Development, Enterprise Architecture, Program Management, Product Marketing, IT Strategy, Integration, Telecommunications, Business Intelligence, Solution Architecture, Direct Sales, Strategic Planning

NMG Speaker & Participant: NMG, 2020 Speaker

Joe Madden - Industry Analyst: Wireless and Edge Computing - Mobile Experts Inc.

Specialties: Wireless, Mobile Devices, Product Marketing, Industry Knowledge for Mobile Communications, Telecommunications, Mobile Technology, 4G, Business Development, Product Management, Cellular Communications, Start-ups, RF, Semiconductors, Wireless Technologies, UMTS, WiFi, Market Research, Mergers & Acquisitions, Go-to-market Strategy, 3G, IP, Broadband, Microwave, Mergers, Radio Frequency (RF)

NMG Speaker & Participant: NMG, 2020 Speaker

Joel Lindholm - Vice President, LTE Business - Ruckus Networks

Specialties: Strategy, Strategic Partnerships, Cloud Computing, Industry Knowledge for Managed Services, Data Center, Solution Selling, Go-to-market Strategy, Business Development, Sales Management, SAN, Virtualization, Sales Enablement, Product Management, Storage Virtualization, IT Sourcing

NMG Speaker & Participant: [In-Building Wireless: CBRS, DAS, Wi-Fi and MulteFire - SOLiD, Ruckus, Boingo](#)

John Healy - Vice President Datacenter Network Solutions Group - Intel Corporation

Specialties: Product Management, Go-to-market Strategy, Product Marketing, Industry Knowledge for Mobile Devices, Wireless, Semiconductors, Strategy, Competitive Analysis, Telecommunications, Wireless Technologies, Mobile Communications, SoC, Consumer Electronics, Product Lifecycle Management, System on a Chip (SoC), Tools and Technologies for Embedded Systems

**NMG Speaker & Participant: NMG, 2020 Speaker**

John Mertic - Director of Program Management - Linux Foundation

Specialties: Open Source, PHP, MySQL, Industry Knowledge for Cloud Computing, Web Development, CRM, Web Applications, Web Services, Software Development, Agile Methodologies, User Experience, Technical Writing, Scrum, Product Management, Mobile Applications, Strategy, Software Engineering, Start-ups, Writing, Business Development, Programming, Channel Partners, Solution Selling, Integration

NMG Speaker & Participant: ["Leveraging Metadata: Governance, Automation and the Business Case" John Mertic, The Linux Foundation and Mandy Chessell, IBM](#)

John Walicki - Watson IoT Developer Ecosystem Advocate - IBM

Specialties: Enterprise Architecture, Cloud Computing, Solution Architecture, Industry Knowledge for IT Strategy, Virtualization, Integration, Software Development, IT Service Management, Software Project Management, Data Center, IT Management, Storage, System Architecture, Requirement Analysis, Shell Scripting, ITIL, Architecture, High Availability, Software Engineering, Pre-sales, Business Intelligence, Security, Architectures, Disaster Recovery, Project Management, Distributed Systems, TCP/IP, Cluster, IT Outsourcing, User-centered Design, Technical Writing, Mobile Technology

NMG Speaker & Participant: ["IOT and Disaster Relief" John Walicki, IBM](#)

Jon Vestal - Head of Product Architecture - Telstra

Specialties: Telecommunications, Data Center, Managed Services, Industry Knowledge for IP, Cloud Computing, Solution Selling, Product Management, MPLS, Sales, Streaming Media, Business Strategy

NMG Speaker & Participant: NMG, 2020 Speaker

Jordan Andres – Director of Product Strategy – China Telecom

Specialties: Innovation and new tech ecosystems, rapid product development, design thinking, technology and market strategies, product development, business development, strategic partner developments, new media, new digital behaviors, Internet, Cloud, Smart cities/IoT, OTT, CDN, Video, VOD, online content, telecommunications, digital strategy and marketing, start-ups, wireless, consulting, content distribution, market research, competitive intelligence, project management, sales development, go-to-market plans, communication plans, trend spotting, product launch plans, branding and identity, community outreach, public speaker, technology partner selection.

NMG Speaker & Participant: [DC Solutions for Edge Computing](#)

Juan Santiago, MSEE, MBA - CBRS LTE Products - Ruckus Networks, now a Commscope Company

Specialties: Wireless, Mobile Devices, Product Management, Industry Knowledge for Telecommunications, Cellular Communications, Business Development, Mobile Communications, Product Marketing, Strategy, RF, Start-ups, Program Management, Product Development, Go-to-market Strategy, 4G, WiFi, VoIP, Mobile Technology, Product Lifecycle Management, Competitive Analysis, Mobile Applications, UMTS, Cloud Computing, IP, CDMA, Broadband, Product Launch, Business Strategy, 3G, Integration, Vendor Management, Global Business Development, Market Analysis, Financial Analysis, P&L Management, Semiconductors

NMG Speaker & Participant: [State of Play for CBRS - Radisys, Ruckus, Federated Wireless](#)

Jugal (JK) Sharma - IOT Business Leader - Lenovo

Specialties: Integration, Cloud Computing, Product Management, Industry Knowledge for Telecommunications, Strategy, Wireless, Product Development, Business Strategy, Mobile Devices, Program Management, Product Marketing, Professional Services, CRM, Wireless Technologies, Business Development, Customer Relationship Management (CRM), Sales Management, Global Business Development, Strategic Planning, Software Development Life Cycle (SDLC), Enterprise Architecture, IT Strategy, Business Analysis, Software Project Management, Machine Learning, AI, E-commerce, Business Process Improvement, Vendor Management, Mergers & Acquisitions, Marketing Strategy, Social Media, Sales, Start-ups

NMG Speaker & Participant: NMG, 2020 Speaker

Kailash Narayanan - Vice President and General Manager - Keysight Technologies

Specialties: Embedded Systems, RF, Wireless, Industry Knowledge for Product Management, Product Development, R&D, Program Management, R&D Management, Agile Methodologies, Electronics, Telecommunications, Semiconductors, Strategy, Mobile Devices, Radio Frequency, Wireless Technologies, Digital Signal Processors, Product Lifecycle Management, Software Engineering, Engineering, Research and Development (R&D), Software Development

NMG Speaker & Participant: [Getting Ready for 5G: Keysight Technologies Executive Interview](#)

Ken Politz - Product Management Director - Neustar, Inc.

Specialties: Product Management, Mobile Devices, SaaS, Industry Knowledge for Start-ups, Telecommunications, Product Marketing, Strategy, Cloud Computing, Wireless, Product Development, Software Development, Sales, Marketing, Go-to-market Strategy, VoIP

NMG Speaker & Participant: [Taking the Temperature of the Regulatory Landscape](#)

Ken Rehbehn - Principal Analyst - Critical Communications Insights

Specialties: Mobile Devices, Telecommunications, Wireless, Industry Knowledge for Product Management, Competitive Intelligence, Market Research, 4G, Go-to-market Strategy, Broadband, Product Marketing, Competitive Analysis, Strategy, WiFi, Business Development, Mobile Communications, 3G, Mobile Technology, Market Analysis, Wireless Networking, System Architecture, Wireless Technologies, UMTS, Analytics, Firefighting, Emergency Services, Mobile Applications, Segmentation

NMG Speaker & Participant: NMG, 2020 Speaker

Ken Sandfeld - President of SOLiD Americas - SOLiD

Specialties: Wireless, Telecommunications, RF, Industry Knowledge for CDMA, Cellular Communications, Business Development, Mobile Devices, WiFi, UMTS, 4G, Product Management, IP, VoIP, Solution Selling, 3G, Ethernet, Managed Services, Microwave, Sales Management, Start-ups, Unified Communications, Vendor Management, Network Design

NMG Speaker & Participant: [The Middleprise: The Evolution of Indoor Wireless Coverage](#)

Kevan Burroughs - Director of Product Line Development - Peoples Telephone

Specialties: Contract Negotiation, Marketing, Small Business, Industry Knowledge for Strategic Planning, Sales, Account Management, Marketing Strategy, Social Media Marketing, Sales Management, Entrepreneurship, Short Sales, Real Estate, Business Development, Social Media, Mortgage Lending, Single Family Homes, Luxury, Residential Homes, Relocation, B2B, Marketing Communications, Retail, Investment Properties, Online Advertising, New Home Sales, Purchasing, Marketing Management, FHA

NMG Speaker & Participant: [The Strength of the Independent Operating Companies – How IOCs Continue to Thrive in a Highly Competitive Marketplace](#)

Kevin R. Curtis - Verizon - Distinguished Solution Architect – Smart Communities, IOT, ITS - Verizon Enterprise Solutions (VES)

Specialties: Business Strategy, Integration, Integration, Strategy, Industry Knowledge for Cloud Computing, Program Management, Business Development, Wireless, Strategic Planning, Mobile Devices, Telecommunications, Security, Management Consulting, ITIL, Mobile, Project Management, Business Intelligence, Consulting, Professional Services, Start-ups, IT Strategy, DoD, Information Technology, Process Improvement, Tools and Technologies for SaaS, Software as a Service (SaaS), Enterprise Software

NMG Speaker & Participant: NMG, 2020 Speaker

Kevin Isacks - VP Edge Engineering and Product - Ribbon Communications

Specialties: Unified Communications, VoIP, Telecommunications, Industry Knowledge for Product Management, Telephony, IP, SIP, Cloud Computing, TCP/IP, Wireless, Security, Ethernet, IT Strategy, Routing, Network Security, Pre-sales, Session Initiation Protocol (IP), Internet Protocol Suite (TCP/IP), Internet Protocol (IP), Wireless Technologies, Voice over IP (VoIP), Solution Selling, Product Development, Channel Partners, LAN-WAN, Digital Electronics

NMG Speaker & Participant: [Microsoft Teams: Keys to Success for one of the Hottest Collaboration Tools on the Market](#)

Kevin Riley - CTO and EVP Advanced R&D - Ribbon Communications

Specialties: Telecommunications, SIP, VoIP, Industry Knowledge for Wireless, IP, System Architecture, Ethernet, Software Development, TCP/IP, Cloud Computing, SS7, Mobile Devices

NMG Speaker & Participant: [Ribbon's CTO and R&D Leaders Talk about Creating the Vision and Delivering on the Strategy](#)

Kevin Shatzkamer - VP / GM, Service Provider Solutions - Dell EMC

Specialties: Mobile Devices, Cloud Computing, Telecommunications, Industry Knowledge for IP, Wireless, Network Architecture, Strategy, Integration, Virtualization, Go-to-market Strategy, QoS, Product Management, Start-ups, Mobile Applications, Ethernet, 3G, Network Design, WiFi, Managed Services, Video, 4G, Routing, MPLS, Wireless Networking, TCP/IP, Product Lifecycle Management, Mobile Technology, Digital Media, Mobile Communications, Cellular Communications, System Architecture, CDMA, Broadband, Solution Architecture

NMG Speaker & Participant: [The 5G Journey: A Cloud Centric View](#)

Kishore Raja - VP, Engineering R&D - Boingo Wireless

Specialties: Wireless, C, Java, Industry Knowledge for Distributed Systems, Mobile Devices, Product Management, Object Oriented Design, TCP/IP, Architectures

NMG Speaker & Participant: [The Middleprise: The Evolution of Indoor Wireless Coverage](#)

Lauren Maffeo - Associate Principal Analyst at Gartner Digital Markets - GetApp

Specialties: Social Media, Editing, New Media, Industry Knowledge for Blogging, Content Strategy, Copywriting, Digital Marketing, Journalism, Public Relations, Press Releases, Digital Media, Social Media Marketing, Media Relations, Research, Creating Writing, Email Marketing, SEO, Newsletters, Broadcast, Television, Magazines, Web Analytics, Publishing, User Experience, Market Research, Content Development, Publications

NMG Speaker & Participant: ["AI - The Facts and Myths" Lauren Maffeo, GETAPP](#)

Leonard Lee - Industry Influencer & Provocateur (180K+) | #technology & Business Advisor | Humanitarian Futurist | Executive Fellow - neXt Curve

Specialties: IT Strategy, Enterprise Software, Strategy, Industry Knowledge for Business Intelligence, Program Management, CRM, Enterprise Architecture, Business Process Improvement, Business Analysis, Business Process Re-engineering, Project Management, ERP, Solution Architecture, Consulting, Outsourcing, Management Consulting, Strategic Planning, Business Development, SOA, E-Commerce, Global Delivery, Knowledge Management, Change Management, Software Project Management, User Experience, Project Planning, Project Portfolio Management, Cloud Computing, Mobile Technology, IT Sourcing, Business Transformation, Analytics, Business Process, Vendor Management, 3D Printing, Mergers & Acquisitions, Supply Chain Management, Product Lifecycle Management, Business Strategy

NMG Speaker & Participant: NMG, 2020 Speaker

Lynn A Comp - Vice President, Data Center Group, General Manager of the Visual Cloud Division - Intel Corporation

Specialties: Go-to-market strategy, Product Marketing, Product Management, Industry Knowledge for Cloud Computing, Strategy, Wireless, SoC, Ethernet, Software Development, Semiconductors, Business Development, Mobile Devices, Telecommunications, Mobile Communications, Data Center, System Architecture, ASIC, Virtualization, Wireless Technologies, Consumer Electronics, System on a Chip (SoC), WiFi, Business Planning, Application-Specific Integrated Circuits (ASIC), Tools and Technologies for Embedded Systems, Firmware, Enterprise Software, Hardware

NMG Speaker & Participant: NMG, 2020 Speaker

Mandy Chessell - Distinguished Engineer, Master Inventor, Fellow of Royal Academy of Engineering - IBM

Specialties: Solution Architecture, Enterprise Architecture, Software Development, Industry Knowledge for SOA, Master Data Management, Agile Methodologies, Cloud Computing, IT Strategy, Software Project Management, Information Management, Architecture, Distributed Systems, Service-Oriented Architecture (SOA), Software Engineering, Web Services, Architectures, Information Architecture

NMG Speaker & Participant: "Leveraging Metadata: Governance, Automation and the Business Case" John Mertic, The Linux Foundation and Mandy Chessell, IBM

Manish Singh - Vice President, Network Services - Technology, Strategy & Marketing - Tech Mahindra

Specialties: LTE, Wireless, Mobile Devices, Industry Knowledge for Telecommunications, Product Management, Integration, Broadband, 3G, SIP, Wireless Technologies, Product Marketing, IP, UMTS, Cloud Computing, Session Initiation Protocol (SIP), Internet Protocol (IP), System Architecture, 4G, Software Development, Universal Mobile Telecommunications System (UMTS), Mergers & Acquisitions, Distributed Systems, Software Engineering

NMG Speaker & Participant: [The Synergistic Effects of 5G and SD-WAN - InfoVista, Accenture, Tech-Mahindra](#)

Marcus Brunner - Head of Standardization, Open Source and Eco-System Development - Swisscom

Specialties: Distributed Systems, Telecommunications, Software Engineering, Industry Knowledge for Algorithms, Wireless, Computer Science, TCP/IP, IP, R&D, Machine Learning, Software Development, Cloud Computing, QoS, Network Security, Network Administration, Security, Wireless Networking, Routing, Wireless Technologies, Programming, Network Architecture, Internet Protocol (IP), Research and Development, System Architecture, Internet Protocol Suite (TCP/IP), Software Design, Simulations, Artificial Intelligence, Mobile Communications, Project Management

NMG Speaker & Participant: NMG, 2020 Speaker

Mark Baedke - Manager, Telecommunications - Spencer Municipal Utilities

Specialties: Telecommunications, Wireless, Project Management, Industry Knowledge for Cellular Communications, VoIP, IP, Mobile Devices, Ethernet, Product Management, 4G, Fiber Optics, SIP, Broadband, Telephony, UMTS, Integration, Vendor Management, Program Management, Account Management, Optical Fiber, Wireless Technologies, Internet Protocol (IP), Voice over IP (VoIP), Project Planning, CRM, Operations Management, Process Improvement

NMG Speaker & Participant: [The Strength of the Independent Operating Companies – How IOCs Continue to Thrive in a Highly Competitive Marketplace](#)

Mark Bunnell - COO - Nuwave Communications, Inc.

Specialties: Telecommunications, SIP, Telephony, Industry Knowledge for VoIP, Managed Services, Unified Communications, Wireless, Solution Selling, Cloud Computing, Start-ups, Product Management, IP, Optical Fiber, Account Management, Mobile Devices, Direct Sales, Go-to-market Strategy, MPLS, Broadband, Wireless Technologies, Voice over IP (VoIP), Ethernet, Business Development, Channel Partners, Call Centers, Professional Services, Contact Centers, Session Initiation Protocol (SIP)

NMG Speaker & Participant: [Microsoft Teams: Keys to Success for one of the Hottest Collaboration Tools on the Market](#)

Mark Pugerude - Chief Sales Officer - Cradlepoint

Specialties: Go-to-market strategy, Cloud Computing, Strategic Partnerships, Industry Knowledge for Business Development, Telecommunications, Product Marketing, VoIP, Wireless, Telephony, Sales Management, IP, MPLS, SIP

NMG Speaker & Participant: [The Synergistic Effects of 5G and SD-WAN - InfoVista, Accenture, Tech-Mahindra](#)

Martin Lund - Chief Executive Officer - Metaswitch Networks

Specialties: Semiconductors, Product Management, Product Marketing, Industry Knowledge for Cloud Computing, Strategy, Mergers & Acquisitions, Go-to-market Strategy, Telecommunications, Start-ups, ASIC, Ethernet, SoC, Wireless

NMG Speaker & Participant: ["Cloud Native: Critical to the Success of Service Providers"](#)

Martin Taylor - CTO - Metaswitch Networks

Specialties: NMG, 2020 Speaker

NMG Speaker & Participant: [A Controlled Sprint Towards Network Virtualization](#)

Matthew Johnson - CTO - Guardtime

Specialties: Information Assurance, National Security, Security, Industry Knowledge for DoD, Defense, Computer Security, Program Management, Strategy, Computer Forensics, Information Security Management, Intelligence Analysis, Information Security, Intelligence, Security Management, Network Security, Military, Government, Physical Security, Security Operations, CISSP, Risk Assessment, Systems Engineering, Counterintelligence, Surveillance, Homeland Security, Private Investigations, Counterterrorism, Air Force, Command, Penetration Testing, Enforcement, Tactics, Criminal Investigations, Evidence, Fraud, Investigation, Litigation Support, Risk Management

NMG Speaker & Participant: [Blockchain for Enterprises](#)

Matt Quirk - Global Market Strategy & Development - Hewlett Packard Enterprise

Specialties: Product Marketing, Strategy, Channel Partners, Industry Knowledge for Go-to-market Strategy, Business Development, Cloud Computing, Sales Management, Product Management, Business Strategy, Sales, Solution Selling, Storage, Data Center, International Sales, Account Management, Direct Sales, Channel Sales, Managed Services, Integration, Project Planning, Marketing Strategy, Digital Marketing, Sales & Marketing, Sales Enablement

NMG Speaker & Participant: NMG, 2020 Speaker

Mayukh Gon - Director - PerfectCloud Corp.

Specialties: Cloud Computing, Start-ups, Strategy, Industry Knowledge for Program Management, Entrepreneurship, Integration, Software Development, Business Development, Product Management, Strategic Planning, Project Management, Telecommunications, Business Strategy, Security, Identity Management, SDLC, Mobile Devices, Business Analysis, Software Project Management, E-commerce, IT Strategy, Product Development, SOA, Business Intelligence, PMP, Solution Architecture, Solution Selling, ITIL, Requirements Analysis, Mobile, Mobile Applications, Pre-sales, Agile Methodologies, Enterprise Architecture, Agile Project Management, Agile, Product Marketing, ERP, Scrum, Go-to-market Strategy, Vendor Management

Michael Cooper - Director of Analyst Relations and Competitive Intelligence - Ribbon Communications

Specialties: Telecommunications, Product Management, Product Marketing, Industry Knowledge for VoIP, IP, Wireless, IP, Mobile Devices, Solution Selling, Strategic Planning, Marketing Strategy, Integration, Product Development, Marketing, Business Strategy, Analysis, Entrepreneurship, Business Analysis, Program Management, Start-ups, Go-to-market Strategy, Competitive Analysis, Strategy, Broadband, Vendor Management, Sales Operations, Wireless Technologies, Requirement Analysis, Project Planning, Voice over IP (VoIP), Mobile Planning, System Engineering, Segmentation, Internet Protocol (IP)

NMG Speaker & Participant: [CPaaS going Mainstream: Tier-1 Service Providers Jumping in with Both Feet](#)

Michael Peeters - Head of Innovation Portfolio Management, Head of Nokia Incubator - Nokia

Specialties: Telecommunications, Broadband, DSL, Industry Knowledge for Wireless, Optical Fiber, Strategy, Fiber Optics, Mobile Devices, Research, Project Management, Transmission, Wireless

Technologies, UMTS, Mobile Communications, Optics, IP, Signal Processing, Product Management, Internet Protocol (IP), Proposal Writing, Physics, Fiber, Project Portfolio Management

NMG Speaker & Participant: NMG, 2020 Speaker

Michael J. Zeto III - Vice President, Internet of Things at AT&T, General Manager Smart Cities - AT&T

Specialties: Management, Strategy, Business Development, Industry Knowledge for Start-ups, Digital Marketing, Strategic Planning, Sales, CRM, Corporate Development, Marketing, Social Media Marketing, Entrepreneurship, Marketing Strategy, Mobile Marketing, Project Management, Social Media, B2B, Mobile Technology, Advertising, B2B Marketing, Mobile Applications, Digital Media, Agile Project Management, Managed Services, Marketing Communications, Online Advertising

NMG Speaker & Participant: NMG, 2020 Speaker

Mohamad (Mo) Nasser - Senior Vice President Of Business Development - Global Telecom

Specialties: Mobile Devices, Product Management, Wireless, Industry Knowledge for Telecommunications, Business Development, Mobile Technology, Strategy, Product Marketing, CDMA, Mobile Communications, Cellular Communications, Go-to-market Strategy, Managed Services, 4G, IP,

Wireless Technologies, 3G, UMTS, Global Business Development, RF, Code Division Multiple Access Method (CDMA), Broadband, WiFi

NMG Speaker & Participant: NMG, 2020 Speaker

Natasha Tamaskar - VP, Global Marketing, Channels and Sales Strategy - Radisys Corporation

Specialties: Wireless, Product Management, Telecommunications, Industry Knowledge for Product Marketing, VoIP, IP, SIP, Mobile Devices, Cloud Computing, Strategy, Security, Go-to-market strategy, Mobile Communications, Marketing Strategy, Solution Selling, Unified Communications, Wireless Technologies, Channel Partners

NMG Speaker & Participant: [State of Play for CBRS - Radisys, Ruckus, Federated Wireless](#)

Nikolay Muravlyannikov - Principal Product Manager - Microsoft (Real Time Communications)

Specialties: Skype for Business, Lync Server 2010, Microsoft Technologies, Industry Knowledge for Unified Communications, Cloud Computing, Virtualization, System Development, Program Management, SCRUM, Customer Satisfaction, Customer Relations, Agile Methodologies, SIP, Data Mining, Risk Management

NMG Speaker & Participant: [Microsoft Teams: Keys to Success for one of the Hottest Collaboration Tools on the Market](#)

Nishant Batra - EVP & CTO - Veoneer

Specialties: Telecommunications, LTE, Wireless, Industry Knowledge for Product Management, Pre-sales, Strategy, IP, Business Development, UMTS, Mobile Devices, Integration, Vendor Management, VAS, Mobile Communications, Cloud Computing, Business Strategy, 3G, Go-to-market Strategy, Managed Services, Strategic Planning, Product Marketing, VoIP, Business Planning, Solution Selling, Transmission, CDMA, Network Design, Mobile Technology, Sales Operations, 4G, Microwave, Customer Retention, Cellular Communications, Broadband, SIP, Unified Communications

NMG Speaker & Participant: NMG, 2020 Speaker

Noam Fine - CEO - over.ai

Specialties: Strategic Partnerships, Start-ups, Product Management, Industry Knowledge for Entrepreneurship, Online Advertising, Mobile Devices, PPC, SEM, E-commerce

NMG Speaker & Participant: [Into the Cloud: Trends shaping the Contact Center Market – From UCaas to AI and More](#)

Paul Brittain - VP Product Strategy at Metaswitch Networks

Specialties: VoIP, Telecommunications, SIP, Industry Knowledge for Product Management, IP, Wireless, Unified Communications, Cloud Computing, Ethernet, Broadband, MPLS, Product Marketing, SS7, Pre-sales, Telephony

NMG Speaker & Participant: NMG, 2020 Speaker

Peter Jarich - Head of GSMA Intelligence - GSMA

Specialties: Mobile Devices, Telecommunications, Strategy, Industry Knowledge for Market Research, Wireless, Product Marketing, Competitive Analysis, Marketing Strategy, Business Strategy, Product Management, Go-to-market Strategy, Broadband, Marketing, Business Development, Wireless

Technologies, Competitive Intelligence, Market Analysis, Start-ups, Analysis, Mobile Communications, VoIP, Strategic Planning, Cellular Communications, Cloud Computing, Mergers & Acquisitions

NMG Speaker & Participant: [Driving Cloud to Edge Services](#)

Prayson Pate - ADVA Optical Networking - Chief Technology Officer - Ensemble

Specialties: SDN/NFV, Ethernet, Telecommunications, Industry Knowledge for IP, Wireless, TCP/IP, QoS, MPLS, Network Architecture, SDH, Routing, Testing, DWDM, Blogging, Internet Protocol (IP), Wireless Technologies, Multiprotocol Label Switching (MPLS), Product Management, Wide Area Network (WAN), Mobile Devices, Internet Protocol Suite (TCP/IP), Synchronous Digital Hierarchy (SDH)

NMG Speaker & Participant: NMG, 2020 Speaker

Rajesh Mishra - Founder - Parallel Wireless Inc.

Specialties: SIP, Wireless, VoIP, Industry Knowledge for SS7, Mobile Devices, Telecommunications, Routing, Telephony, TCP/IP, IP, Wireless Networking, Unified Communications

NMG Speaker & Participant: NMG, 2020 Speaker

Rakesh Kumar - Partner - Deloitte

Specialties: Consulting, Telecommunications, Management Consulting, Industry Knowledge for Cloud Computing, Program Management, Business Analysis, IT Strategy, Strategy, Business Strategy, Operations Management, Business Intelligence, Business Development, Project Management, Change Management, Outsourcing, Integration, Business Process Design

NMG Speaker & Participant: [Virtual to Universal - The Evolution of the CPE Within Open Telco Cloud Architectures](#)

Raul Castanon - Senior Analyst - 451 Research

Specialties: Product Management, Product Marketing, SaaS, Industry Knowledge for Cloud Computing, Market Analysis, Mobile Devices, Competitive Analysis, Mobile Communications, Go-to-market Strategy, Start-ups, Strategy, Business Intelligence, Project Management, Telecommunications, Network Security, Business Development, Marketing Strategy, Channel Partners, Strategic Planning, Pre-sales, Mobile

Technology, Marketing Communications, Mobile Applications, Marketing, Product Development, Multi-channel Marketing

NMG Speaker & Participant: [CPaaS going Mainstream: Tier-1 Service Providers Jumping in with Both Feet](#)

Renu Navale - Senior Director, Edge Services & Industry Enabling, Network Platforms Group - Intel Corporation

Specialties: Product Management, Cross-functional Team Leadership, Telecommunications, Industry Knowledge for Wireless, Go-to-market Strategy, Semiconductors, Vendor Management, VoIP, Business Strategy, Competitive Analysis, Strategic Planning, Marketing Strategy, Software Engineering

NMG Speaker & Participant: [Micro Data Center Services: How Extending Compute Infrastructure at the Edge Will Support 5G Use Cases](#)

Richard Shockey - Chairman of the Board of Directors - SIP Forum

Specialties: SIP, VoIP, IP, Industry Knowledge for Telecommunications, Network Design, Wireless, Strategy, Mobile Devices, Cloud Computing, SS7, Product Management, Security, Start-ups, Wireless

Networking, Business Planning, TCP/IP, Product Development, Testing, Architecture, Managed Services, Business Strategy

NMG Speaker & Participant: [Taking the Temperature of the Regulatory Landscape](#)

Rob Sciarrino Jr - Senior Network Engineer - DFT Communications

Specialties: Network Design, IP, Telecommunications, Industry Knowledge for VoIP, Ethernet, WAN, Troubleshooting, Networking Engineering, Broadband, Software Installation, DNS, Computer Network Operations, Optical Fiber, Managed Services, Data Center, MPLS, Wireless, Technical Support, SS7, Telephony, Network Administration, Network Security, LAN-WAN, Routing, System Administration, TCP/IP, Information Technology, SIP, VPN, Network Architecture, Wireless Networking, Firewalls

NMG Speaker & Participant: [The Strength of the Independent Operating Companies – How IOCs Continue to Thrive in a Highly Competitive Marketplace](#)

Rodrigo Jurema de A. Corrêa - Country Manager - AGT Networks

Specialties: Telecommunications, Operations Management, GSM, Industry Knowledge for Project Planning, Budgets, 3G, Project Finance, Business Development, Energy, QoS, Product Management, Wireless, VAS, GPRS, 2G, Contract Management, Project Management, WCDMA, Budgeting

NMG Speaker & Participant: [Perspectives from CALA: What's Happening Today and What's on the Horizon](#)

Roger Pohl - CEO / VP - T-Metrics Inc

Specialties: Unified Communications, Telecommunications, Telephony, Industry Knowledge for Contact Centers, VoIP, Wireless, Solution Selling, Call Centers, Business Development, Strategic Planning, Managed Services, Cloud Computing, Product Management, Software Development, IP, SIP, Account Management, LAN-WAN, Business Strategy, Direct Sales, Sales, Channel Partners, Ethernet, Go-to-market Strategy, Network Architecture, Integration, Professional Services, MPLS, Call Center, Mobile Devices, WAN, Start-ups, Troubleshooting

NMG Speaker & Participant: [Into the Cloud: Trends shaping the Contact Center Market – From UCaas to AI and More](#)

Rogerio Oliveira - Director - Olibras Telecom

Specialties: Pre-sales, ITIL, Microsoft CRM, Industry Knowledge for Cloud Computing, ERP, Business Intelligence, IT Management, Data Center, Business Process, IT Service Management, Project Management

NMG Speaker & Participant: [Perspectives from CALA: What's Happening Today and What's on the Horizon](#)

Ron Marquardt - VP of Technology, Innovation and Architecture - Sprint Corporation

Specialties: Strategic Partnerships, Wireless, Cross-functional Team Leadership, Industry Knowledge for Telecommunications, Strategy, VoIP, Product Management, Product Development, Start-ups, Mobile Devices, Business Strategy, IP, Business Intelligence, Software Development, Cloud Computing, Integration, Program Management, Strategic Planning, System Architecture, Vendor Management, IT Strategy, Mergers, Outsourcing, Mergers & Acquisitions, Agile methodologies, System Engineering, Business Planning, Engineering, Mobile Applications, Architecture, E-commerce, Project Management, Testing, Mobile, Agile, Process Development, Mobile Technology, Broadband, Network Architecture

NMG Speaker & Participant: [Micro Data Center Services: How Extending Compute Infrastructure at the Edge Will Support 5G Use Cases](#)

Roy Chua - Founder and Principal at AvidThink, a leading research firm in technology infrastructure - AvidThink

Specialties: SaaS, Product Management, Cloud Computing, Industry Knowledge for Start-ups, Go-to-market Strategy, Strategy, Product Marketing, Network Security, Competitive Analysis,

Entrepreneurship, Virtualization, Marketing Strategy, Mobile Devices, Security, Data Center, Professional Services, Information Security, Identity Management, Big Data, Program Management, Network Architecture, Consulting, Enterprise Architecture, Wireless, Risk Management, Analytics, Telecommunications, Pre-sales, Demand Generation, System Architecture, Distributed Systems, Sales Enablement, Fraud, Product Development, Solution Selling, Computer Security, Integration, Mobile Technology, Venture Capital

NMG Speaker & Participant: NMG, 2020 Speaker

Rupesh Chokshi - Assistant Vice President - AT&T

Specialties: Product Management, Telecommunications, Strategic Partnerships, Industry Knowledge for Cloud Computing, Strategy, Vendor Management, Product Marketing, Managed Services, Program Management, VoIP, Product Development, Go-to-market Strategy, Business Strategy, Wireless, Business Process, Unified Communications, Integration, Start-ups, Marketing Strategy, Business Development, Mobile Devices, Business Planning, E-commerce, IP, Strategic Planning, Analytics, Marketing Management, Solution Selling, Product Innovation, Customer Experience, Call Centers, Professional Services, Ethernet

NMG Speaker & Participant: [Application Aware SD-WAN: Applying SD-WAN, Real World](#)

Sacha Gera - 2019 40 under 40 recipient | Co-Founder of Kandy | CPaaS/UCaaS Evangelist | BOD Director @ CENGN - Kandy.io

Specialties: Telecommunications, Integration, Product Management, Industry Knowledge for Business Strategy, Project Management, Change Management, Wireless, Program Management, Business Transformation, Business Development, Strategy, VoIP, Mobile Devices, IP, Unified Communications, P&L Management, CRM, Software Development, Finance, Consulting, Outsourcing, Internet Protocol (IP), Voice over IP (VoIP), Customer Relationship Management (CRM)

NMG Speaker & Participant: [When 1+1=3: Exploring the Kandy Ecosystem](#)

Samy Uziel - Owner - Datora Telecom

Specialties: VoIP, Business Planning, Telecommunications, Industry Knowledge for SIP, IP, Telephony, Wireless, WAN, TCP/IP, Routing, Start-ups

NMG Speaker & Participant: [Perspectives from CALA: What's Happening Today and What's on the Horizon](#)

Sanjay Bhatia - VP, Solutions Marketing - Ribbon Communications

Specialties: Marketing, Marketing Strategy, Product Marketing, Industry Knowledge for Product Management, Strategy, Telecommunications, Strategy, Go-to-Market Strategy, Business Development, Cloud Computing, Wireless, VoIP, Product Lifecycle Management, Unified Communications, UMTS, Pre-sales, Onboarding, Marketing Communications.

NMG Speaker & Participant: [Driving Cloud to Edge Services](#)

Stephan Gatien - General Manager Telecommunications Business - SAP

Specialties: None

NMG Speaker & Participant: NMG, 2020 Speaker

Stephen Alexander - Senior Vice President & Chief Technology Officer - Ciena

Specialties: Telecommunications, DWDM, Fiber Optics, Industry Knowledge for Product Management, Optical Fiber, Network Architecture, Network, Design, IP, Integration, Mobile Devices, Managed Services, Start-ups, Network Engineering, Broadband, Product Marketing, System Architecture, Internet Protocol, Product Development, Entrepreneurship, Reliability, Satellite Communications, Tools and Technologies for LTE, Embedded Systems, SaaS, Open Source Software

NMG Speaker & Participant: NMG, 2020 Speaker

Steven Bruny - Executive Vice President Global Sales & Services - Ribbon Communications

Specialties: Telecommunications, Strategic Partnerships, Product Management, Industry Knowledge for Start-ups, Business Development, Wireless, Program Management, Integration, Solution Selling, Business Strategy, Software Development, VoIP, Cloud Computing, IP, Agile Methodologies

NMG Speaker & Participant: [Ribbon's Senior Leaders Talk about Creating the Vision and Delivering on the Strategy](#)
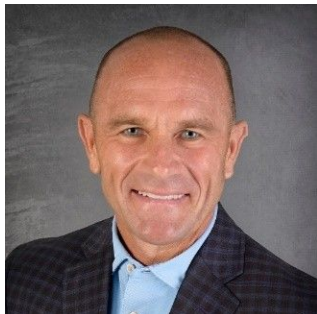

Thomas Di Giacomo - President of Engineering, Product and Innovation - SUSE

Specialties: Mobile Devices, Software Development, IPTV, Telecommunications, Product Management, VoIP, Cloud Computing, Mobile Applications, Wireless, Product Management, Product Marketing, Integration, Software Engineering, IP, Software Design, Web Development, Product Development, TCP/IP, Programming, R&D, Multimedia, Software Project Management, Agile Methodologies, Television, Computer Science, E-commerce, Architecture, Streaming Media, User Experience, User Interface, User Interface Design, Digital Media, Mobile Technology, Sales Operations, Agile, Mobile

NMG Speaker & Participant: [Open Source Evolution: Thomas Di Giacomo and Alan Clark, SUSE](#)

Todd Gore - Vice President of Sales/Senior Sales Leader - Federated Wireless

Specialties: Start-ups, Strategy, Telecommunications, Industry Knowledge for Mobile Devices, Wireless, Business Development, Sales, CRM, Sales Management, Sales Process, Product Marketing, Mobile Technology, Go-to-market Strategy, Product Management, Sales Operations, Business Strategy, Cloud Computing, Solution Selling, Mobile Applications, Professional Services, P&L Management, Account Management, Mergers & Acquisitions, Competitive Analysis, Mergers, Key Account Management, Optimization, Direct Sales, Optimizations, International Sales, Mobile, Consultative Selling, Pricing

NMG Speaker & Participant: [State of Play for CBRS - Radisys, Ruckus, Federated Wireless](#)

Tony Scarfo - EVP Product Management and R&D - Ribbon Communications

Specialties: Business Development, Telecommunications, Business Strategy, Industry Knowledge for Wireless, Strategy, IP, Mobile Devices, VoIP, Cloud Computing, SIP, Unified Communications, Marketing, Marketing Strategy, Broadband, Wireless Networking, Risk Management, Business Process Improvement, Sales, Strategic Planning

NMG Speaker & Participant: [Ribbon's CTO and R&D Leaders Talk about Creating the Vision and Delivering on the Strategy](#)

Ty Schmitt - Vice President / Fellow - Dell EMC

Specialties: Product Management, Cross-functional Team Leadership, Data Center, Industry Knowledge for Program Management, Cloud Computing, Manufacturing, Outsourcing, Vendor Management, Product Development, Project Management, Process Improvement, Storage, Strategy, Six Sigma, Testing, Integration, Virtualization, Enterprise Architecture, IT Service Management, Business Process Improvement, IT Strategy, Go-to-market Strategy, PMP

NMG Speaker & Participant: [DC Solutions for Edge Computing](#)

Vinay Kanitkar - CTO, Global Carrier Strategy & Akamai Fellow - Akamai Technologies

Specialties: Scalability, Distributed Systems, Cloud Computing, Industry Knowledge for Strategy, Optimization, Mobile Devices, Product Management, Streaming Media

NMG Speaker & Participant: NMG, 2020 Speaker

Wally Swain - Principal Consultant - Ovum

Specialties: Strategy, Telecommunications, Business Strategy, Industry Knowledge for Competitive Analysis, Market Research, Start-ups, Mobile Devices, Forecasting, Marketing Strategy, Wireless, Business Planning, Go-to-market Strategy, Management Consulting, Mobile Technology, Mobile, Business Intelligence, Financial Analysis, Mobile Communications, Wireless Technologies, Mobile Marketing

NMG Speaker & Participant: [Perspectives from CALA: What's Happening Today and What's on the Horizon](#)

Werner Schaefer - Visionary Executive – Business Development, Sales, General Management │ Leading Global Strategic and Sales Initiatives - Intel Corporation

Specialties: Cloud Computing, Enterprise Software, Business Development, Industry Knowledge for Telecommunications, Sales, Virtualization, Go-to-market Strategy, Solution Selling, Channel Partners, Competitive Analysis, Product Management, Storage, Forecasting, Channel Sales, Sales Enablement, Supply Chain, IT Service Management

NMG Speaker & Participant: NMG, 2020 Speaker
